MiFI '10

1st International Workshop on Mobility in Future Internet (MiFI '10)
Chania, Crete, Greece, 15 July, 2010

CALL FOR PAPERS

The 1st International Workshop on Mobility in Future Internet (MiFI 2010) provides a forum for discussion of recent developments and new trends on the evolutionary and/or revolutionary mobility technologies for future networks and services.

MiFI '10 is an effort to establish the workshop as an annual event motivated by the ever-increasing interest in this hot research and development field. The workshop is soliciting papers describing original work, unpublished and not currently submitted for publication elsewhere, on topics, including but not limited to, the following:

- Next Generation Internet
- Seamless Integration of Wireless, Cellular and Broadcasting Networks with Internet
- Network Optimization and Resource Provisioning
- Cross-Layer & Cross-System Protocol Design
- Autonomic & Self-Organised Communication Systems
- Medium Independent Handover
- Single Radio Handovers
- Security, Privacy & Trust
- Broadcast Services
- Energy Efficiency
- Mesh Networks
- Wireless, Mobile, Ad hoc and Sensor Networks
- Integration of Terrestrial and Satellite Networks
- Mobility Business & Policy Tools & Techniques
